For many of our youth, like 19-year-old Malik pictured above, a critical step towards this future is pursuing their education. Thanks to community members like you, Malik and his peers at CHGA can access academic resources, a computer lab and library, 24/7 support from our staff, physical and mental health services, life skills classes, nutritious hot meals and study snacks, mentorship opportunities, memorable positive experiences, and so much more...**but we can't have a successful back-to-school season without your help!**

**Your gift today will help students experiencing homelessness and escaping trafficking through their studies and beyond, empowering them to enter adulthood ready to thrive. Can we count on you to help?**
