

Celebrate & Support Our Young Moms

As Mother's Day approaches, our CHGA team is working hard to make this holiday special for the moms in CHGA's Pregnant & Parenting Youth program. Moms like Leila (pictured above), who says her 8-month-old son, Kaidyn, is the light of her life!

Leila came to Covenant House Georgia last year, after aging out of the foster care system. Here, she found the stability she needs to create a bright future for herself and for Kaidyn.

Currently, Leila is currently pursuing her GED - and she just passed her first exam! She dreams of living in her own apartment and attending college.

This Mother's Day, make a gift to support young moms like Leila, through our Pregnant & Parenting Youth program. You can give in honor or in memory of a special mother figure in your life, and download a printable keepsake greeting card.

"All of the support and all of the knowledge that I have been given... I've never had support like this before, so I really appreciate it."

- Leila
